Monthly Focus: Character Counts

All is fair in LOVE and SAVE! February, the month of love, is the perfect time to show your good character! What are some positive character traits that you admire in others? During this month, try to demonstrate good character traits. Be a positive role model for those around you so they can learn good traits as well. Choose a person in your life that demonstrates good traits and shadow that person for a day. Use the activity ideas to put the following traits and others in action this month in your school and community.

Tell Us Your SAVE Story!

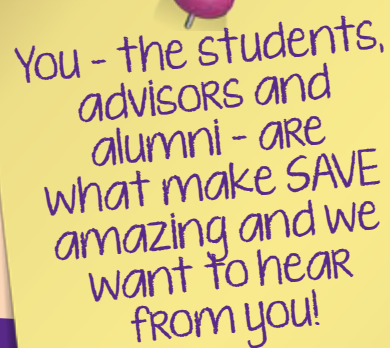

Many blogs, newspapers and other media outlets publish contributed articles from guest writers. This could be a published author, an industry expert or a general community member. As a valued supporter of SAVE, we'd love to work with you to author an article of your own! This is a great way to help further the SAVE mission, share your personal experiences, and build your resume and portfolio.

Here's what we need:

A 700-1500 word article written in first person about your personal experiences dealing with, witnessing, overcoming or learning from your mistakes surrounding bullying, violence or unsafe driving.

The process:

Submit all articles to lindsay@boltpr.com. You can also contact Lindsay with any questions or help choosing a topic. SAVE requests articles by the end of February 2014; however, we'll also be accepting articles throughout the spring.

You - the students, advisors and alumni - are what make SAVE amazing and we want to hear from you!

SAVE Chapter Highlight

Harding University High School (NC)

The Harding University High School SAVE Chapter received a Teen Safe Driving Grant from Allstate Foundation and have had a busy year so far. They hosted an X the Text pledge signing event at their first home football game. During America's Safe Schools week they conducted the following awareness activities:

- Students conducted a hand painting project where students placed their hand prints in orange and purple paint on a banner which signifies Stop the Violence. Banner is displayed in the cafeteria.
- During the homecoming game in October, SAVE members released purple and orange balloons in memory of Travis Davis, a Harding Football player that was shot to death. This is an annual event.
- SAVE members teamed up with the AT&T "It Can Wait" campaign to have students to sign pledges and also placed stickers on all cars in the student/teachers parking lot.
- SAVE members conducted a "Mix It Up" activity in the cafeteria allowing other students to eat lunch with others they normally would not socialize with.

Ami Parker, 2013 SAVE Advisor of the Year: Parker's Points

As a counselor and SAVE advisor, I appreciate the way our club can integrate the mission of SAVE into character education. The emphasis on student initiated programming in our clubs lends itself to helping students to make character driven decisions in school and in life. Our club members are responsible and dependable. They relay the importance of these traits especially as they emphasize safe driving and making the wise decision to avoid texting and driving during our school assemblies and lunchroom activities. SAVE club members can also help to convey the message that students should show their strength of character by taking a stand against bullying. In the cafeteria and in the hallways, they are the students who befriend someone new to the school or a student who just seems lonely. As an educator, I can plan lessons and activities to teach positive character traits.

But it is the actions of my SAVE members modeling these positive behaviors that really makes an impact on school climate and character education.
