Students Against Violence Everywhere (SAVE) will be celebrating 25 years of SAVEing Youth at the National Youth Summit! and I would see scary
things in the news, my

me, look for the helpers.
You will always find

Feel free to decorate with markers, paint, glued on items, etc. At the Summit we will be joining the squares together with purple and orange yarn to form the SAVE Peace Quilt. If you cannot attend the Summit, please mail your chapter's items to the National SAVE office before April 1, 2014.

Monthly Focus: Youth Empowerment

SAVE empowers youth with knowledge and skills necessary to provide service to their community and school. SAVE was started by students in 1989 with the vision that all students would one day embrace the idea that the power of positive change was in their hands. SAVE has stayed true to its roots and today the overall goals of the program are still guided with the assistance of the National Youth Advisory Board (YAB). Youth who are EMPOWERED to make a difference in their schools and communities are a key component of the SAVE program. No matter what your age or school level, you can make a difference. Your ideas, views on safety and violence prevention, as well as your talents are important and vital since you are the future. Never set limits on what you want to accomplish! Feel the power within to take a step forward and Reach for the Stars!

Ami Parker, 2013 SAVE Advisor of the Year: Parker's Points

Our SAVE members have the most creative ideas. I am always wowed with their ingenuity and compassion in planning activities to help others. Our club members are dedicated to raising awareness about violence prevention and making positive choices. Even something as simple as signing banners in the cafeteria to “x the text” or no bullying raises awareness and starts discussions about good choices. Last year we focused on peaceful living. The students cut out peace signs. They invited their peers to write quotes or statements about peace and happiness on the peace signs. These signs were used to create a large peace sign display on the wall outside our cafeteria. Also, last year we had a theme of “helping hands.” We used cute outs of handprints and had students to sign their name, pledging to be a helping hand to someone else. Students have great ways to use simple ideas and minimal resources while still creating a large impact. SAVE empowers youth to create a more positive school environment.

YABer Yak: National Youth Advisory Board Member Hannah Brown, Terry Sanford High School, NC

Youth Empowerment is very important to have in your SAVE chapter. Youth empowerment is a process where the youth gain the ability and authority to make decisions and implement change in their own lives and the lives of other people, including youth and adults. Everyone is different in how outgoing they are but you have to break people out of their comfortable little shell! Give your chapter projects to do around the school that they have to run entirely by themselves. This will challenge them to step out and get the job done while reaching out to their student body.

I challenge you this month to sit at lunch with that kid that eats alone, to help the kid who drops their books in the hall, and most importantly to prove yourself as a leader.

Tell Us Your SAVE Story!

Many blogs, newspapers and other media outlets publish contributed articles from guest writers. This could be a published author, an industry expert or a general community member. As a valued supporter of SAVE, we'd love to work with you to author an article of your own! This is a great way to help further the SAVE mission, share your personal experiences, and build your resume and portfolio.

Here's what we need:

A 700-1500 word article written in first person about your personal experiences dealing with, witnessing, overcoming or learning from your mistakes surrounding bullying, violence or unsafe driving.

The process:

Submit all articles to lindsay@boltpr.com. You can also contact Lindsay with any questions or help choosing a topic. SAVE requests articles by the end of February 2014; however, we'll also be accepting articles throughout the spring.
