SAFE SCHOOLS WEEK, NATIONAL SAVE DAY, BULLYING PREVENTION MONTH & TEEN SAFE DRIVING WEEK

'Engage, Empower, Educate and Communicate!'

SAVE Chapters across America participated in a host of activities for the month of October including Bullying Prevention Month, Safe Schools Week, National SAVE Day, the National SAVE Rock-a-Thon and Teen Safe Driving Week. Chapters held rallies, memorials, contests, and dressed alike to celebrate peace and unity.

Academic Magnet High School (SC) kicked off Safe Schools Week by putting "violence to rest" with their PJ day and their peace chain. On Tuesday they encouraged students to put violence behind them by wearing their hats backwards. For National SAVE day they encouraged everyone to wear purple (nonviolence) and orange (remembrance of Alex Orange). On Thursday students were encouraged to turn violence inside out by wearing their clothes inside out. And on Friday they hosted a Rock-a-Thon entitled Peace: Rock out!

Cuthbertson High School (NC) sponsored an Equality Day to celebrate National SAVE Day and NC marriage equality. All SAVE members wore purple and orange and drew equality signs on their hands to spread the message of inclusion. Announcements and posters were also included. SAVE and Girl Scouts troop 2842 teamed up to collect food for a local food bank. The chapter participated in a Teen Dating Abuse and Prevention workshop at Waxhaw Police Department. For Teen Safe Driving the chapter hosted a "Don't be a 'dummy'; be a 'smartie' and buckle up event. Seat belt checks were conducted after school as student drivers left the parking lot - candy reminders were given.

we need love and
compassion."

Monthly Focus: **Weapon Safety**

Many weapons, not just firearms, are discovered on school campuses every year. Do students at your school know what is considered a weapon? Each state has a specific definition of what is considered a weapon and what the consequences are for bringing a weapon on campus. November is a great time to remind students of your school's weapon policies and the consequences for bringing weapons on campus.

YABer Yak: Jordan German Optimism Prevention Services Georgetown (SC)

A student perspective... I think that weapons should only be used for Law Enforcement, Protection, and Hunting. People should get a gun permit before purchasing or using a gun. This way they can say that they have learned the mechanical and handling characteristics of the firearm that they are using. Parents should always keep firearms unloaded and in a locked safe place when it's not actually in use.

Unsecured firearms are tempting to children. Some may even take it to school to show it off. This type of situation can cause people to get injured or killed.

If I know or see someone with a weapon, I would walk away for my safety. Then I would find an adult immediately and let them know about the weapon. If you are experiencing bullying, taunting, harassment or name calling report it to an adult. Carrying a weapon is not the cool thing to do. It will not solve anything it's only going to cause you trouble. Once you get caught with a weapon and get arrested you now have to deal with having a charge on your record that could follow you for the rest of your life. So don't be afraid to **SPEAK UP AND OUT** about violence and weapons. Protect yourself and everyone around you. Make no mistake about it! Be Safe!

Teen Safe Driving Workshop Reckless or Wreckless?

With motor vehicle accidents topping the list as the leading cause of death among teenagers in the US, SAVE was proud to announce that it has been presented with a \$75,000 grant from The Allstate Foundation to sponsor a teen safe driving and youth safety campaign led by 20 of its chapters across North Carolina. As part of the grant, each of the chapters received free SAVE affiliation and mini grants for teen safe driving activities, educational materials, ongoing support and technical assistance and opportunities to partner with local Allstate agents to further the cause.

The Allstate Foundation and SAVE kicked off this campaign with the Teen Safe Driving Workshop: Reckless or Wreckless. The Oct. 23 workshop hosted participating Allstate grant chapters' advisors and student leadership for a day of direction and strategy-sharing that empowered them to return to their chapters and implement effective safe driving solutions. Attendees heard from Thomas Walters of Allstate as well as the State Highway Patrol, SafeKids and the UNC Highway Safety Resource Center and students from SAVE chapters that have excelled in teen safe driving efforts in years past.

"Teen drivers are three times more likely to be involved in a fatal crash, so it is critically important that we educate teens about safe driving," said Thomas Walters, Allstate agent with Walters Insurance Agency. "We're thrilled to be able to partner with SAVE to educate students on safe driving and equip them in a way that will hopefully prevent senseless accidents."

"We cannot thank The Allstate Foundation enough for awarding us this grant," said Carleen Wray, executive director of SAVE. "Our core mission is to keep kids safe – and we've already seen how this program furthers that mission. It's helping our SAVE students get their message out in ways that weren't previously possible, so we're incredibly grateful for the support and dedication of Allstate."
