Allstate Foundation Awards Mississippi Grants to Students Against Violence Everywhere

Teen Safe Driving Campaigns to be Driven by 15 SAVE Chapters Across the State

Raleigh, North Carolina – Oct. 22, 2015 – The National Association of Students Against Violence Everywhere is proud to announce that it has been presented with a grant from The Allstate Foundation to support statewide teen safe driving initiatives and sponsor the efforts of 15 SAVE chapters in Mississippi. SAVE, which is committed to preventing violence and advocating for student safety in schools and communities across the country, joined forces with The Allstate Foundation in 2005. The foundation aims to help the nonprofit further its mission: to engage, to empower, to encourage and to educate students.

As part of the Allstate Foundation grant, each of the 15 chapters will receive free SAVE affiliation and mini grant funds, educational materials, training for school and community activities, ongoing support and technical assistance for SAVE's youth safety efforts, and opportunities to partner with local Allstate agents to further the cause. Through these efforts, hundreds of students will be educated and directly engaged in SAVE chapter activities, while thousands will hear teen safe driving messages and be involved in activities led by their peers.

The participating Mississippi chapters' primary focus will be teen safe driving. Recognizing that the leading cause of death in teenagers is car crashes, Mississippi chapters teaming with Allstate hope to change that statistic by providing students the knowledge to make informed, safe and smart decisions on the road. SAVE student members at participating chapters will take the lead planning and executing teen safe driving campaigns aimed to help youth understand the dangers of distracted driving, as well as activities surrounding conflict management, bullying and violence prevention and peer mentoring to younger students. Chapter initiatives will also promote various national observances and events throughout the year, including America's Safe Schools Week in October, the National SAVE Youth Summit in March, National Youth Violence Prevention Week in April and National Teen Safe Driving Month in May.

SAVE and The Allstate Foundation have already awarded the grant to 15 Mississippi school chapters:

Biloxi High School (Biloxi)	Tupelo Middle School (Columbus)
Callaway High School (Jackson)	Vicksburg High School (Vicksburg)
Clarksdale High School (Memphis)	Hancock County High School (Diamondhead)
Columbia High School (Columbia)	Hattiesburg High School (Hattiesburg)
D'Iberville High School (Biloxi)	Ocean Springs High School (Gulfport)
John W. Provine High School (Jackson)	Port Gibson Middle School (Port Gibson)
South Pike High School (McComb)	Port Gibson High School (Port Gibson)
St. Patrick Catholic High School (Biloxi)	

"With nearly 8,000 people killed in crashes involving drivers ages 16 to 20 each year, encouraging and empowering teens to promote safe driving amongst their peers has never been more important," said Allstate Agent Steven James, James Insurance Agency. "We are excited to be teaming up with SAVE to help make an impact in educating students on safe driving and arm them with tools to be better prepared behind the wheel."

"These mini-grants allow SAVE chapters to implement a variety of campaigns and empower youth with critical life skills including informed decision making, communication, leadership, positive peer pressure and public speaking," said

Carleen Wray, executive director of SAVE. “We can’t thank The Allstate Foundation enough. We’re glad to team up with a foundation that shares the same desires as our organization – to promote meaningful student involvement, education and service opportunities in hopes to increase the safety of our youth.”

Since its inception in 1989, SAVE has grown from one school group to more than 2,100 chapters located in seven countries and 48 states. The organization mentors and provides resources, confidence and support to empower student leadership to help prevent school shootings, eliminate bullying and make their schools and communities safer for everyone. About the National Association of Students Against Violence Everywhere:

SAVE started at West Charlotte High School in Charlotte, N.C. in 1989 following the tragic death of a student who was trying to break up a fight at an off-campus party. Students met first to console each other, then as an organization to promote youth safety and to work together to prevent future incidents from occurring. SAVE provides education about the effects and consequences of violence and helps provide safe activities for students, parents and communities.
