

Port Gibson High Receives Grant

With motor vehicle accidents topping the list as the leading cause of death among teenagers in America, the National Association of Students Against Violence Everywhere is proud to announce it has been presented with a grant from The Allstate Foundation to sponsor a teenage driving and youth safety campaign across the state.

Included in this grant is Port Gibson High School in Claiborne County.

As part of the grant, each chapter picked will receive free SAVE affiliation and mini-grants for teen safe driving activities,

educational materials, ongoing support and technical assistance for SAVE's youth safety efforts, and opportunities to partner with local Allstate agents to further this cause.

With support from Allstate agents and volunteers, SAVE chapters will be able to provide leadership at their schools and communities to ensure all students will be encouraged and empowered with healthy life skills while engaging in educational activities and opportunities to promote teen safe driving and youth safety.

Port Gibson and other chapters will be able to host

rallies, seat belt checks, impaired driving obstacle courses, safe driving pledge events, and more.

One date to remember is National Youth Violence Prevention Week, March 23rd-27th, with special events and activities. This could include handing out confidence carets with self esteem boosting statements.

Congratulations to Port Gibson High School's chapter of SAVE for being included in this mini-grant reception. We look forward to seeing activities sponsored by PGHS students to promote safe driving and youth safety.
