Bullying & Relationship Violence Prevention

SUGGESTED ACTIVITIES FOR NATIONAL YOUTH VIOLENCE PREVENTION WEEK APRIL 7-11, 2014

SAVE is proud to be a founding partner of the National Youth Violence Prevention Campaign. The goal of this campaign is to raise awareness and to educate students, teachers, school administrators, counselors, school resource officers, school staff, parents, and the public on effective ways to prevent or reduce youth violence. This week long national education initiative will involve activities that demonstrate the positive role young people can have in making their school and community safer. More info: <http://www.nationalsave.org/NYVPW>

AWARENESS

Many activities can be conducted prior to the week to bring awareness to your campaign:

Teacher Workshop

- ✓ Conduct a teacher workshop and share tips, lesson plans and ideas for teachers to use during the week.

Awareness Posters

- ✓ Create awareness posters that list the daily activities that will occur during the week.

One in Four

- ✓ Place purple and orange ribbons on lockers before school starts. Place purple ribbons on all lockers except the fourth locker where you place an orange ribbon. This represents the statistic that one in every four students will be affected by violence this year.

DAY 1: PROMOTE RESPECT & TOLERANCE

Sponsor: Teaching Tolerance

<http://tolerance.org>

Respect & Tolerance Essay Contest

- ✓ Read winning entries over morning announcements or at an event.

Reach out to the Unreached!

- ✓ Challenge all students to get to know at least one person they do not know.

Cultural Day

- ✓ Host a day where dress, activities, decorations and food reflect different cultures from around the world.

Experience History

- ✓ Identify examples of respect and lack of respect for others in history and literature.

"When a bully is held accountable for his actions, his future actions will change. Bad behavior only continues for those who allow it."

Monthly Focus: Bullying & Relationship Violence Prevention

SAVE members can strive to prevent bullying and relationship violence by educating the public about warning signs, consequences and proactive steps to safeguard possible victims. By approaching the program from three angles: crime prevention, conflict management, and service projects, SAVE members can help thwart these growing areas of violence. Bullying and relationship violence can cover many areas including (but not limited to) child to child bullying, dating violence, child abuse, sibling abuse, domestic violence, and interpersonal violence (e.g. between friends). With April being National Child Abuse Prevention Month, bullying and relationship violence prevention are perfect topics to address in your school and community. National Youth Violence Prevention Week occurs this month (April 7-11, 2014) be sure to visit <http://nationalsave.org> for activity ideas for each day of the week!

Ami Parker, 2013 SAVE Advisor of the Year: Parker's Points

During Youth Violence Prevention Week, April 7-11, 2014, our club will celebrate Peace. Our members cut out small peace symbols. During lunches, students are asked to write quotes and inspirational sayings on the peace signs. These small peace signs are used to create wall displays of larger Peace Symbols throughout the school in these locations: near the auditorium, cafeteria, and front office. The goal is to remind students to peacefully resolve their conflicts. We especially like these activities for the visual cues that are placed around school. Also, because students are instrumental to writing the messages, we definitely promote "Youth Voices" through this activity.

We also take this opportunity to educate younger students. We participate with a local church and Boys/Girls Club to do an Easter Egg Hunt and short lesson on violence prevention lesson on April 11. In March, we collected stuffed animals and teddy bears to use as prizes for this event.

As we all know, National Youth Violence Prevention week is coming up and SAVE's 25th anniversary is just around the corner. For those of you who are not attending the summit on April 12th, here are some fun ideas that you and your club mates can do for the occasion.

- At CHHS, we give flowers for students to pin onto their backpacks to raise awareness of relationship violence. A slip of paper is pinned to the flower that contains a shocking fact about teen relationship violence.

- A project that we conduct involving bullying is what we call "Breaking the Chain of Violence."

We set up a booth in the main hallway of our school and get students to sign colored slips of paper representing either a type of bullying that they've experienced or have seen. These slips of paper are then stapled together in chain links and the whole chain is hung up along the main hallway. The chain is broken in the middle representing the broken chain of violence and a poster is hung next to it to explain the message behind our project.

I hope that these ideas helped spur some of your own. There are plenty more available on the National SAVE website if you are interested. Happy April!
